

Château Le Jard Chatain

Vineyard

The Château vineyard extends over 5.5 hectares, located in one piece in the center of the town. As in Pomerol, the soils are covered with alluvial gravel and rest on a vein of ferruginous elements mixed with heavy clays. The clay soils give it a particularity and give this vintage power, while the gravel soils give it finesse. The winegrower's priority is to obtain authentic wines typical of their terroir.

Winemaking

Winemaking is done in accordance with traditions. Vatting lasts 3 weeks, with thermoregulation. Aging takes place in oak barrels, for 20% of the harvest.

+

Tasting

The color is both colorful and dark, with ruby reflections. The wine presents structure and roundness in the mouth in a harmonious bouquet. We find aromas of red fruit (cherry), black fruits (blackberry, blackcurrant) and spices.

Grape variety: 75% Merlot, 20% Cabernet Franc, 5% Cabernet Sauvignon

Taste and flavor: Powerful and robust

Alcohol content: 15°

Allergen: Sulphites

Service advice

Serve at 16°C on grilled meats, steak or even game.
